

HOME HAPPENINGS.

—Attend the railroad meeting in town hall Saturday night.

—Nathan Blott is building a barn on his farm one mile north of the village.

—There seems to be a loud call in this town for the passage of an ordinance prohibiting expectorating on sidewalks.

—The Dispatch is always pleased to receive any item of local or county interest. Kindly remember this, friends, and let us have every scrap of news going.

—The Builders' Aid society of the M. E. Church will serve an English supper at the church Wednesday evening, May 4, to which all are invited. Expense, 20 cents.

—Indications are that between six and seven miles of macadamized road out of the village will be built this year—1½ miles north, south, east, west and in the direction of Dublin.

—Mrs. Ann Gee on Tuesday celebrated her 77th birthday anniversary and was the recipient of a large number of beautiful post cards for which she desires through the Dispatch to return thanks.

—Many people attended and enjoyed the bazaar and social at Zion Reformed church last Thursday night. Weather conditions were unfavorable but the crowd turned out just the same. The net receipts approximated \$70.

—Much rain has fallen the past week and roads are the worst they have been this spring. Vegetation, however, has been given new life and is humping itself. Leaves are rapidly coming out on fruit and forest trees and the old world daily becomes more beautiful.

—A heavy traction engine whose drive wheels carry weight of some sort has been driven over crossings in the village, gouging out pieces of cement and sand stone of which they are constructed. If this order continues it would seem that the crossings will soon be badly damaged.

—The Canfield Mfg. & Novelty Co. was incorporated at Columbus Wednesday with \$5,000 capital stock. The incorporators are G. N. Bouchton, M. A. Skinner, E. P. H. B., and Laura Tanner. This is merely a reorganization of a company long engaged in the manufacture of handles and wood novelties.

—A meeting of the board of Canfield township trustees will be held at town hall next Monday afternoon at 1 o'clock. It had been arranged to hold the regular monthly meetings on the first Monday night of each month, but it has been deemed best to change the time of meeting to the afternoon at the hour above indicated.

—The necessary equipment for pumping the oil well drilled on J. E. Neff's farm, east of the village, a few weeks since, has been received and its exact showing will be determined within a day or two. The next drilling will be done on Alexander Dickson's farm, several hundred rods north of where the first well was put down.

—A joint meeting of the incorporators and trustees of the N. E. O. N. C. was held at the college Tuesday evening when the question of adopting a new constitution and bylaws to govern the former board was considered in connection with other matters looking to the welfare of the institution. A committee was appointed to go over the constitution and bylaws and report at a recessed meeting to be held Tuesday evening, May 10.

—A meeting of the new park committee was recently held when a resolution was adopted prohibiting ball playing in the park and the cutting of irregular and unsightly paths across it. For several years there has been a growing tendency on the part of many people to make short cuts through the park with the result that trails unattractive are considerably in evidence. The park committee has full power to prosecute violators of its regulations and proposes to do so. People may feel perfectly free to congregate at will on the beauty spot but the cutting of paths must be cut out.

—Milton Schaeffer of Canton, president of the Canton & Youngstown Electric Railroad, who has been at work in this locality for some time securing right of way for the proposed line, has met with much encouragement. It is understood that right of way has been largely secured between Youngstown and Ellsworth. Meetings will be held in most of the townships through which the line is to pass and it is believed little difficulty will be experienced in securing right of way the entire distance at slight cost. Mr. Schaeffer says he has received assurance that the financial backers of the road will be ready to begin construction just as soon as right of way is guaranteed.

—G. R. Tiltow of Columbus, representing the agricultural department of the Ohio State University, was in Canfield Tuesday afternoon arranging for the holding of an agricultural extension school in this place some time during the coming fall or winter. Every county in the state is entitled to one institute each year. Six instructors—four men and two women—are furnished free by the state. Local expenses are paid by those attending the week's institute, the usual plan being for each attendant to pay \$1. These extension schools have been held in many counties and have proven most helpful and profitable for all who attended. To secure the school it is necessary to file a petition bearing at least 25 names. The petition for a school to be held in Canfield is now being circulated and generally signed.

—W. N. Willoughby died Wednesday afternoon at his home on Lisbon street of abscess of the lungs from which he suffered intensely for several months. A surgical operation afforded little relief. Deceased was born in Pennsylvania Jan. 26, 1874, consequently had passed his 36th birthday. Before coming to Canfield about a year ago he resided at New Buffalo and was employed at the plant of the Mahoning & Lake Erie Coal Co. near Loveland. He leaves beside his wife, two sons and a daughter, his father, mother, three sisters and three brothers. The funeral will be held Saturday, meeting at the house at 10 a. m. and going to the Lutheran church in New Buffalo where services will be held about 11 o'clock. Interment will be made in the Lutheran cemetery.

John W. Rogers of Youngstown, chief deputy in the Probate Judge's office, and candidate for the republican nomination for county auditor, was in Canfield Tuesday afternoon getting acquainted with electors of the political faith. Mr. Rogers is a clever gentleman, thoroughly competent to discharge the duties of the office to which he aspires and made many friends while here.

ELECTRIC RAILROAD MEETING.

A meeting of citizens will be held in town hall Saturday evening to consider the matter of securing right of way in this locality for the proposed Canton & Youngstown electric railroad. In order for Canfield to secure this most desirable line it will be necessary to get very busy without delay and guarantee the company more right of way than has yet been secured. Let there be a large attendance at the hour of opening, 8 o'clock, so that wide-awake committees may be selected to take up without delay the work required of them. Canfield needs and wants the road and there should be no holding back in the effort to secure it.

Troubles of the Editor Man. (Louisville Herald.)

There are events occurring in every community which, if reported in a local paper, would create a commotion little dreamed of. What to report and what not to report often perplexes the editor. He is often unjustly accused of cowardice and favoritism, when all the time he is looking toward the good reputation of the town where his lot is cast. The local editor from necessity almost constantly finds himself between two fires, and whichever way he turns he is sure to be unjustly treated. This is one of the pleasures of the newspaper business.

NORMAL TEAM WON AGAIN.

Niles High the Victim in Last Saturday's Exciting Contest.

The best game of base ball of the season was played last Saturday afternoon on the home field between Niles High school team and the Normal college nimbles. Up to the sixth inning the score stood 2 to 0 in favor of the Normalites. Then the locals landed on heavier Ohl and pounded him for fair, finally forcing him to retire in favor of another flinger who proved no more effective. Gotschall pitched good ball all the way through and only for two fielding errors and a wild throw to third by catcher Elser would have had a shut out to his credit. The visitors failed to score, hardly having a look in that direction, until the ninth when the locals bunched errors and three Nilesites crossed the pan. Elser's throwing to second was a feature, the visitors learning during the game that he positively prohibited the larceny of the second station. The Niles lads were very gentlemanly and appeared to appreciate the fact that they were playing against a team entirely too fast for them. Following is the summary:

Niles H. S.	AB	R	H	PO	A	E

NORMAL NOTES.

The lecture course committee of the Normal met Friday night and selected the following talent for the coming season: Parlan (New York), Concert Co., Edwin W. Lanham, Sidney London, A. E. Wiggam, Tennesseeans.

The first named company's newest figure to anyone is \$100 a night. They are composed of male quartette, brass quartette, violinists, and the most beautiful bell-ingers in the land. They present a rare variety of high-class yet not supra-classical music.

Edwin H. Lanham is a young man on the lecture platform, this being his fourth season. But he is one of those absolutely solid fellows who drives home a thought with every breath. And he has the gift of language and the inspiration of eloquence that hold an audience spell-bound until he has finished.

Sidney London needs no introduction. He is the gentleman who pleased our people so much last year in his inimitable character sketches, especially the Old Man from Green Corners, Posey County, Indiana, and the Hebrew. London has a whole wagon-load of characters just as good, and he will please immensely.

Wiggam is an Iowa, recently moved east. He has delivered over 1700 lectures in the state of Iowa, having as high as nine recalls to the same place. Last year he lectured in Ohio and pleased immensely. His lecture on Dollars and Sense is a masterpiece.

The Tennesseeans, the peer of any colored quartet in the land. They present an evening of jubilee songs, with instrumental accompaniment, negro melodies, and old plantation sketches that please immensely.

Their rendering of Old Black Joe is pronounced one of the best on the stage. The manager of the company is a highly educated musician and a thorough Christian. So that he holds the quality of the productions above the level of the rag-time song.

PATMOS.

April 26.—Frank Martin visited at the home of his sister, Ada Watters, the past few days. He expects to soon go south for his health.

Luella Henninger is staying with her uncle, Jacob Dushman, for a while.

C. F. Middleton and Homer Green, anyone, with their families, were Sunday visitors at Heram Stallsmith's in Salem.

Edith Vickers visited in Salem Thursday.

Charles King and daughter Ethel of Salem spent Sunday with their parents here.

Edith Stratton is with her daughter, Mrs. F. Hively, who is ill.

Chester Kirkbride and wife were at Peter Weaver's Sunday.

A Rather Dull Pearl.

There is an anecdote in J. A. Hamerton's "George Meredith in Anecdotes and Criticism," which hints at the possibility of the great novelist's fountain of tal being sealed at times.

A lady who had friends in Surrey who were on terms of some intimacy with the novelist was greatly charmed on one occasion when visiting there to find that Meredith was to be one of the guests at dinner.

She prepared herself for a rich gathering of his celebrated flowers of witty talk.

But he was singularly silent throughout the visit, and the only Meredithian phrase the lady could carry away with her was his remark, when reaching across his neighbor for the salt:

"Excuse the picnic stretch."—Youth's Companion.

Injurious Concrete Floors.

Opponents of the use of concrete for floors in factories contend that the stoneware surface is injurious to the feet and backs of workmen, and that the dust ground from the concrete finds its way into and injures the machine bearings.

PAINT DAY'S PAINT BILLING.

"An act of prevention" as well as a "painted" day, the day of the paint billings, will be held at the Normal school, Friday, May 6, at 10 o'clock.

NEIGHBORHOOD NEWS

—Mrs. Henry Morse, formerly of Poland, died recently in Oberlin, aged 85 years.

—Rev. J. M. Carr is seriously ill with pneumonia at his home near Damascus.

—Conductor Sam Marquis of the Niles & Lisbon passenger train was taken sick while at work last Saturday and is now in a serious condition at his home in Lisbon.

—Invitations have been issued for the wedding of Royal Clay and Miss Mary Hively, both of Greenford. The ceremony will be performed at the home of the bride's parents, near Greenford, May 11.

—At the election in Hanoverton, Wednesday, to determine whether or not the charter of the village should be amended, the vote was largely in favor of continuing as a village. The present mayor of the town has been in office 30 years.

COLUMBIANA.

April 27.—R. S. Breckenridge, manager of the garment factory, has been seriously ill but his condition is now much improved.

Chas. Frederick has cleaned out the room formerly occupied by the Columbiana Banking Co. It will be occupied by Ed. Lodge who opens a drug store.

Registrar G. E. Koch reports for 1909 in Fairfield township 27 deaths and 35 births; in the village 30 deaths and 40 births. There were 61 permits issued for burials in the village cemetery.

Dr. J. O. Rothwell arrived here Friday from San Antonio, Texas, where for several years he has spent his winters.

Pythian sisters had a fine time last Thursday night when the first anniversary of the local lodge was celebrated.

Miss Eva Stafford of Canfield visited here over Sunday with G. Ed. Buzard and family. She returned to school in Canfield Monday.

The Columbiana high school base ball team has a game scheduled with the Normal college team at Canfield Thursday, June 9.

Commencement exercises of the high school will be held Tuesday evening, June 7. The address to the class will be delivered by state school commissioner J. W. Zellner.

Fred Fluegel, who recently bought the laundry plant, will shortly have same in operation.

The Patterson examination will be held in Lisbon Saturday, May 21, one week later than usual, the law fixing the time having been changed.
